Profile

I'm an aspiring programmer, trained in MERN FULL STACK. Motivated and detail-oriented front-end developer with a strong foundation in HTML, CSS, JavaScript and React.js, seeking an entry-level positionto apply my skills in web development. Eager to contribute to dynamic projects, collaborate with experiencedprofessionals, and further enhance my abilities in creating interactive and visually appealing websites.

Education

2020 – 2022	**MSc Computer Science** *University of Kerala*
2017 – 2020	**BSc Computer Science** *University of Calicut*

Projects

1. TODO APP USING REACT ⊡

- Designed and implemented a feature-rich Todo app using React, featuring complete CRUD operations. Users can effortlessly add, edit, and delete tasks, demonstrating strong skills in state management and interactive UI development.
- Ensured a seamless user experience by incorporating functionalities like task completion and dynamic content editing. The project underscores my ability to create robust, user-friendly applications with comprehensive functionality.

2. SELF- PORTFOLIO WEBSITE ⊡

- Designed and implemented a responsive portfolio website showcasing projects and skills.
- Technologies: HTML, CSS, JavaScript for interactive components.

3. GYM WEBSITE USING HTML ,CSS AND JAVASCRIPT ⊡

- Gym Website using HTML, CSS, and JavaScript .This Is A Completely Responsive Gym Website Where User Find All The Details About Our Gym Center.
- As a result, exercise will help you have more energy, lower your risk of developing chronic diseases, lose weight, and enhance your memory and brain function. With these benefits, working out will probably become enjoyable for you soon. Fortunately, you don't have to do it on your own because a variety of personal trainers or certified fitness instructors offer the assistance you require. Additionally, enrolling in fitness classes is simple.
